TRAIL CONSTRUCTION

Roughing in the last missing trail section at the “Floriston hogback” has about 60 rocky feet to go, as shown in the photo above left, with trail crew seen from the boardwalk. After rough in is complete, there will be weeks of finish work, so completion probably won’t be until early October.

A good view can be seen from the railroad side of the river at Floriston. Please stay out of the work area, as it is unsafe and delays work.

MONEY NEWS

• Don’t forget your Century Circle donation for 2019 ($100 and up). So far we have 169 members this year and have 4 months to go to reach 200!
• If you shop on Amazon, please use the Amazon Smile portal. It accesses the same products and pricing, but generates a small contribution to the charity of your choice (TPT of course).

The Community Fund of the Parasol Tahoe Community Foundation has awarded TPT a grant of $6,455 to install an interpretive sign panel kiosk in Tahoe City, marking the beginning of our visionary trail. Thank you Parasol!
