- Form a trail adoption team
- Become a board member (voting or advisory)
- Become a committee member (3 committees)
- Professional skills
- Commercial services

# What is the TAHOE PYRAMID TRAIL?

The Tahoe Pyramid Trail is an 80% completed, 114-mile hiking and cycling trail that runs between Lake Tahoe and Pyramid Lake along the Truckee River. The effort began in 2003 under the leadership of Janet Phillips, and the western section from Tahoe to Reno-Sparks was completed in October 2019. The two remaining unbuilt sections are east of Sparks.
